

Little Blue Truck's Springtime

Written by Alice Schertle, Illustrated by Jill McElmurry

Celebrate Spring with a Flower Crown

With the supervision of an adult, make a beautiful crown of flowers to spring into the season!

Materials:

Scissors	Wire
Tissue Paper	Ribbon
String or Twine	Glue Gun (Optional)

To Make the Flowers:

Step 1: Cut four pieces of tissue paper into 3" x 3" squares.

Step 2: Stack the pieces of tissue paper and fold them four times accordion style.

Step 3: Now take a 6" piece of string and gently tie it around center. Do not tie the knot too tight. There should be leftover string dangling which you will use later to attach the flowers to the crown.

Step 4: Using scissors, round both ends of the folded stack of paper.

Step 5: Slowly fan out each layer of tissue paper to open up your flower.

Step 6: Repeat steps 1-4 to create several flowers for your crown.

To Make the Crown:

Step 1: Using floral wire, measure the size of your head and add 2". Cut the wire and twist the ends together to create a circular shape. Test the size and adjust as needed.

Step 2: Use the dangling string from your paper flowers to tie them to the wire crown. Optionally, reinforce your knots with a dab of hot glue.

Step 3: Finish off your flower crown with a long ribbon at the back, where the ends have been twisted together.
